

REMARKS

At the outset, the Examiner is thanked for the thorough review and consideration of the pending application. The Office Action dated April 21, 2006 has been received and its contents carefully reviewed.

Paragraphs [0004] and [0032] of the specification are hereby amended. No new matter is added to the specification. Claims 1-15 are currently pending. Reexamination and reconsideration of the pending claims is respectfully requested.

In the Office Action, the specification is objected to because of minor typographical errors. Applicant respectfully submits that this objection is now believed to be moot in view of the amendments in the specification.

In addition, the drawings are objected to because reference numerals 9 and 10 are used to designate high voltage generator. Applicant respectfully submits that this objection is now believed to be moot in view of the amendments in paragraph [0004] of the specification.

On page 3 of the Office Action, the Examiner rejected claims 1-15 under 35 U.S.C. § 102(e) as being anticipated by Choo et al. (U.S. Patent No. 6,617,584).

Applicant herewith files a Certified Translation of Korean Patent Application No. 2000-85281 to perfect the foreign priority claim. Accordingly, Choo et al. is no longer available as prior art under 35 U.S.C. § 102(e).

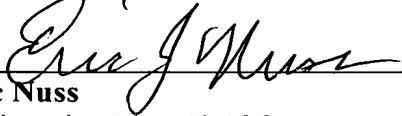

Applicants believe the application is in condition for allowance and early, favorable action is respectfully solicited. If for any reason the Examiner finds the application other than in condition for allowance, the Examiner is requested to call the undersigned attorney at (202) 496-7500 to discuss the steps necessary for placing the application in condition for allowance. All correspondence should continue to be sent to the below-listed address.

If these papers are not considered timely filed by the Patent and Trademark Office, then a petition is hereby made under 37 C.F.R. § 1.136, and any additional fees required under 37

C.F.R. §1.136 for any necessary extension of time, or any other fees required to complete the filing of this response, may be charged to Deposit Account No. 50-0911. Please credit any overpayment to deposit Account No. 50-0911. A duplicate copy of this sheet is enclosed.
